Section 4.2 Declaration of Exempt Information

Section 4.2 – Declaration of Exempt Information

I. Introduction. Klutch Cannabis has provided below a listing of information it is claiming as exempt from public disclosure. This listing identifies each section of the application that has been excluded from the Redacted Copy along with citations to applicable sections of law and rationale.

Klutch considers the vast majority of its MMTC application and related documents, information, addenda, or records submitted to the Department to be a trade secret and/or otherwise exempt from public inspection or disclosure pursuant to Florida's Public Records Law. Klutch has prominently and conspicuously marked all such information as "**Confidential-Exempt from Public Disclosure.**" Klutch understands that there may be other sections of Florida law under which the contained application materials may be considered exempt and wishes to take full advantage of this protection from public disclosure. Additionally, should any redacted information not be considered exempt from Florida's Public Records Law, Klutch asks that it be afforded notice prior to any disclosure.

II. Florida Statutes providing Grounds for Exemption.

A. Sections redacted pursuant to ss. 435.09, F.S. – Personal Background Check Information

- **435.09** Confidentiality of personnel background check information. No criminal or juvenile information obtained under this section may be used for any purpose other than determining whether persons meet the minimum standards for employment or for an owner or director of a covered service provider. The criminal records and juvenile records obtained by the department or by an employer are exempt from s. 119.07(1).

B. Sections redacted pursuant to ss. 812.081 – Trade Secrets

- Sections redacted pursuant to **812.081(f)**'s definition of "Trade secret," which "means the whole or any portion or phase of any formula, pattern, device, combination of devices, or

compilation of information which is for use, or is used, in the operation of a business and which provides the business an advantage, or an opportunity to obtain an advantage, over those who do not know or use it. The term includes any scientific, technical, or commercial information, including financial information, and includes any design, process, procedure, list of suppliers, list of customers, business code, or improvement thereof, whether tangible or intangible, and regardless of whether or how it is stored, compiled, or memorialized physically, electronically, graphically, photographically or in writing. Irrespective of novelty, invention, patentability, the state of the prior art, and the level of skill in the business, art, or field to which the subject matter pertains, a trade secret is considered to be:

1. Secret;
2. Of value;
3. For use or in use by the business; and
4. Of advantage to the business, or providing an opportunity to obtain an advantage, over those who do not know or use it when the owner thereof takes measures to prevent it from becoming available to persons other than those selected by the owner to have access thereto for limited purposes.”

C. Sections redacted pursuant to ss. 815.045, F.S

- **815.045** Trade secret information. The Legislature finds that it is a public necessity that trade secret information as defined in s. 812.081 , and as provided for in s. 815.04(3), be expressly made confidential and exempt from the public records law because it is a felony to disclose such records. Due to the legal uncertainty as to whether a public employee would be protected from a felony conviction if otherwise complying with chapter 119 and

with s. 24(a), Art. I of the State Constitution, it is imperative that a public records exemption be created. The Legislature in making disclosure of trade secrets a crime has clearly established the importance attached to trade secret protection. Disclosing trade secrets in an agency's possession would negatively impact the business interests of those providing an agency such trade secrets by damaging them in the marketplace, and those entities and individuals disclosing such trade secrets would hesitate to cooperate with that agency, which would impair the effective and efficient administration of governmental functions. Thus, the public and private harm in disclosing trade secrets significantly outweighs any public benefit derived from disclosure, and the public's ability to scrutinize and monitor agency action is not diminished by nondisclosure of trade secrets.

D. Sections redacted pursuant to ss. 381.83, F.S.

- **381.83** Trade secrets; confidentiality. Records, reports, or information obtained from any person under this chapter, unless otherwise provided by law, shall be available to the public, except upon a showing satisfactory to the department by the person from whom the records are obtained that such records, reports, or information, or a particular part thereof, contains trade secrets as defined in s. **812.081(1)(c)**. Such trade secrets shall be confidential and are exempt from the provisions of s. **119.07 (1)** and s. **24(a), Art. I** of the State Constitution. The person submitting such trade secret information to the department must request that it be kept confidential and must inform the department of the basis for the claim of trade secret. The department shall, subject to notice and opportunity for hearing, determine whether the information, or portions thereof, claimed to be a trade secret is or is not a trade secret. Such trade secrets may be disclosed, however, to authorized representatives of the department or, pursuant to request, to other

governmental entities in order for them to properly perform their duties, or when relevant in any proceeding under this chapter. Authorized representatives and other governmental entities receiving such trade secret information shall retain its confidentiality. Those involved in any proceeding under this chapter, including a hearing officer or judge or justice, shall retain the confidentiality of any trade secret information revealed at such proceeding.

E. Sections redacted pursuant to ss. 119.071, F.S.

- **119.071(3) Security and Fire Systems Plans**

(a)1.As used in this paragraph, the term “security or fire safety system plan” includes all:

- a. Records, information, photographs, audio and visual presentations, schematic diagrams, surveys, recommendations, or consultations or portions thereof relating directly to the physical security or fire safety of the facility or revealing security or fire safety systems;

2. A security or fire safety system plan or portion thereof for:

- a. Any property owned by or leased to the state or any of its political subdivisions; or
- b. Any privately owned or leased property held by an agency is confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This exemption is remedial

in nature, and it is the intent of the Legislature that this exemption apply to security or firesafety system plans held by an agency before, on, or after the effective date of this paragraph. This paragraph is subject to the Open Government Sunset Review Act in accordance with s. 119.15 and shall stand repealed on October 2, 2023, unless reviewed and saved from repeal through reenactment by the Legislature.

- **119.071(5)(a) Social Security Numbers.** Social security numbers held by an agency are confidential and exempt from s. 119.07(1) and s. 24(a), Art. I of the State Constitution. This exemption applies to social security numbers held by an agency before, on, or after the effective date of this exemption. This exemption does not supersede any federal law prohibiting the release of social security numbers or any other applicable public records exemption for social security numbers existing prior to May 13, 2002, or created thereafter.
