Re: Application for MMTC Licensure – Errors and Omissions Letter

Dear KCOF, LLC,

On April 28, 2023, the Florida Department of Health received your application for MMTC licensure (the "Application"). The Department has identified the following apparent errors or omissions in your Application.

**1. Section 4.15 Citrus Preference Documentation**

Section 4.15 of the Medical Marijuana Treatment Center License Application Instructions, Requirements and Forms (the "Application Instructions") requires applicants seeking to qualify for the citrus preference, as provided in section 381.986(8)(a)3., Florida Statutes, to provide certain documents and information. Additionally, the Application Instructions instruct applicants to advise the Department if they are not seeking to qualify for the citrus preference.

Your Application does not contain a Section 4.15 and does not otherwise state whether the applicant is seeking to qualify for the citrus preference.

If you are seeking to qualify for the citrus preference, please provide the documentation and information requested in Section 4.15.

If you are not seeking to qualify for the citrus preference, please advise the Department accordingly.

**Deadline to Respond**

The Department must receive the above-requested documentation and information within twenty-one (21) calendar days of the date on which the Department emails this letter to you. See Section 5.1 of the Application Instructions for the submission address and requirements. Failure to supply the requested documentation and information identified above may result in denial of your Application.

If any materials submitted to the Department in response to this letter contain confidential information, you must comply with the requirements of Section 2.4 of the Application Instructions when submitting such information.
